CONCEPT & PLANNING

- Build on latest & stable Core APIs
 - => Record API & Schema API
 - => ext:form Form builder
- Administration Backend Module
- Versioning, Localization, History

LET'S SEE

SURFEY in ACTION

The screenshot illustrates the TYPO3 CMS backend interface, specifically using the Surfcamp Template extension. The page tree on the left shows the following structure:

- [0] Surfcamp Template
 - > [98] Base
 - > [15] Bootstrap Package
 - > [1] FC Bigfoot
 - [104] Surveys (selected)
 - [12] Events
 - [11] News
 - > [7] Club
 - [6] Team
 - [5] Sponsors
 - [4] Contact Us
 - [3] Search
 - [2] Privacy Policy

The right panel displays the 'Surveys' content area, which includes a 'Normal' tab and a 'Create new content' button.

Path: /FC Bigfoot/ Surveys [104]

Data Aggregation & Visualization

JSON Schema & Survey API

THE WAVE AHEAD

- Finalize and polish the tool
- Implement UX concepts
- Collaborate with agencies and contributors
- Make the unicorn happy

LESSONS LEARNED

- Communication & team building is **key**
- Keep it **simple**, avoid overengineering
- make it **work**, then make it pretty
- The next **wave** will come
